

Item description/product images

**Description****Material:**

High-strength material mix of thermoplastic/aluminium.

Version:

Black/bright.

Note:

norelem offers two different basic supports for monitors and touch panels used in industrial environments:

With rotary flange: vibration-resistant, lockable monitor bracket with angle adjustment in 15° increments for monitors/control units up to 25 kg (static) and universal adapter plate. Suitable for attachment to Ø30 mm round tubes.

With ball joint: enables a swivel range of 60° for loads up to 10 kg (static) and universal adapter plate. Suitable for attachment to Ø30 mm round tubes.

A wall bracket, profile bracket or a VESA 75/100 adapter plate is available as an option for the different connections.
